### ***Informed Partnerships and Laws of the Land(s) via UNE Library Services:***

Business and political science faculty and students aren't the only UNE community members who benefit from keeping up to date in policy and law. All UNE students, faculty, and staff can ground their knowledge of today's world in the materials available through [NexisUni](#) and [CIAO \(Columbia International Affairs Online\)](#).

[NexisUni](#)

[CIAO](#)

As UNE expands its partnerships throughout the region and world, we can turn to [Nexis Uni](#) (formerly Lexis Nexis) as a powerful legal database helpful for examining legal issues, public policy, and business. [HeinOnline](#) can also offer a deep dive into such topics by offering historical U.S. law and entire databases dedicated to treaties, constitutions, case law, international trade, foreign relations, and much more.

In a complementary fashion, [CIAO \(Columbia International Affairs Online\)](#) allows us to approach our collaborations as informed partners through access to working papers, policy briefs, current analysis, scholarly journal articles, and comprehensive country surveys (including in-depth political and economic data and detailed maps) from government research organizations, independent think tanks, university analysis centers, and scholarly journals.

Please share this resource with your colleagues and let us know at the library how we can help you and your students.

Thanks,

Bethany Kenyon
